Press Release

CITY KITTY IS SWEET 16!

The First Salon in the United States Exclusively for Cats celebrates a Milestone!

Save AUGUST 20, 2016: City Kitty, THE full service Salon for Cats only is celebrating 16 years of helping our feline friends feel and look their best. We opened in 2000 with a few dedicated cat lovers as our first loyal clients. Today, we are proud to provide grooming services to thousands of wonderful cats from the scrappy indoor/outdoor independent individual to the pampered best friend who prefers the indoor environment. Adrienne Kawamura, owner, master groomer, and unabashed cat fancier has lavished time and effort to create the best possible environment for her clients. Her mission from the beginning has been a holistic approach - caring for the whole cat – mind, body, spirit. City Kitty uses natural and botanical based products in an atmosphere that provides soothing sounds and scents. With a caring, committed staff, we continue to work towards fostering a network that promotes cat welfare/health education, encourages adoption of abandoned pets and works to maintain health and welfare for the cats in our lives.
